email: cityclerk@whitewaterks.gov

Meeting Highlights from 7/22/24

- A Victory Sweeper was able to do a demo on Whitewater streets. It was determined that it was not built for the initial needs to clean up our streets but would be good for the continued clean-up once they were cleaned. The council desires to see more options and did not choose to purchase the unit from Victory Sweeper.
- Pope's Concrete has finished the Phase 1 Sidewalk project and it looks and functions great!
- AT&T will be bringing upgrades to their tower in October.
- IDEATEK has received approval for their grant from the State to bring Elbing, Burns, and the Whitewater Area their high-speed internet fiber options. Visit ideatek.com for more information.
- The city office has received a few complaint forms, which can be found at the city office or online: whitewaterks.gov, concerning varying issues of violations or non-compliance of city codes. Because the official forms are being used the city can begin investigating the issues presented.
- Lead/Copper Surveys are coming in but a lot more must be turned in, ASAP. This is required by the State of Kansas.
- The fire department has been doing hydrant testing and some of them are a bit slow to shut off completely and will leak for a while.
- The City Building yard project is planned to be looking good by Festival time.
- BUDGET HEARING will be Aug. 26 at 7:00pm with the City Council meeting directly after.

Full minutes are posted on the city website whitewaterks.gov

...and everyone else who helped in big or small ways to make Summer Reading 2024 a huge success!

Whitewater River Consolidated Fire District

The months of June and July have not slowed down for the fire department. We had eighteen calls in June and seventeen calls in July. The department has responded to a lot of medical calls, several vehicle accidents and a grass fire throughout the fire district. We also responded to a mutual aid in Sedgwick for a structure fire and several other mutual aid and automatic aid calls to surrounding agencies.

Many have probably noticed the reduced water pressure on the evenings of July 17th and August 7th, this was due to hydrant flushing and testing during our fire drills. This is normally done once a year to ensure the hydrants are working efficiently and correctly. We also flushed and tested the hydrants in Elbing on July 17th.

The Whitewater River Consolidated Fire District was also invited to participate in the library's event again this year by providing a very large water sprinkler for the kids to play in. Kids of all ages were there to play in the water and cool off. We even had a little Princess show up to help spray some water. **Thank You** to the Whitewater Memorial Library for letting us participate again this year. It was a fun time for ALL.

The Whitewater River Consolidated Fire District extends our condolences to the family of fallen firefighter Ty Voth. Ty's father retired from the Newton Fire Department and was the Fire Chief in Whitewater for a short time. Ty also had numerous family ties to the Whitewater Community. Our thoughts and prayers are with the Voth family in their time of mourning.

If you (male or female) are interested in volunteering a few hours a month, feel free to stop by the District Office, come to a fire drill or call (316) 799-2121 to see what it's all about. Our fire drills are the 1st and 3rd Wednesday of each month at 7pm, either at the District Office or the Whitewater Fire Station.

AYSO is looking for players to form a Whitewater U10 Team birth years 2015 / 2016

Questions contact Dennis Veges 316-253-5143

Team will practice in Whitewater playing games in Wichita and Valley Center

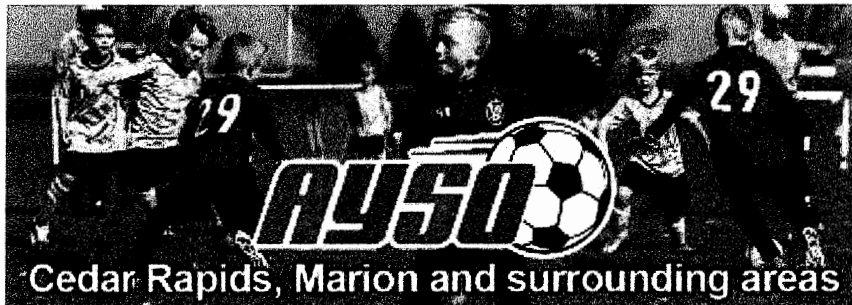

Team will be open to both boys and girls.

Team to be coached by Dennis Veges certified AYSO and USSF, AYSO United

Interested players and parents can meet at the Scout House in Whitewater

8-17-2024 at 10am.

We are looking to form a team of 8 to 9 players. Your questions and all information needed will be explained and reviewed at the meeting. If your son or daughter is looking to become an elite player this is the premier player development organization in the US.

Cottonwood Pediatrics

The **FIRST** and **ONLY** Pediatric Clinic in the region

Backpack Safety Tips:

- Match your child's size to the backpack. Bigger is not better. The bottom of the backpack should go from waist level to 1-2 inches below the shoulder.
- Pick a backpack with two padded shoulder straps and a waist or chest strap. Use them all!
- Pack the bag so that most of the weight is at the curve of your child's lower back.
- Backpacks shouldn't weigh more than 15% of your child's body weight. That means a child who weighs 100 pounds should not have a backpack that weighs more than 15 pounds.
- If your child has to lean forward to support the backpack's weight, it's too heavy.

NEWS FROM THE MANOR

August 2024

Chaplain, David Beeson.

Born in St. Louis, grew up the youngest of 6 brothers and sisters. I am a St. Louis Cardinal fan through and through.

Married my wife Marla in 1984, she is amazing, we just celebrated our 40th Anniversary.

We have five amazing children and 16 even more amazing grandchildren plus 6 great grandchildren.

I graduated Bible College in 1991.

Have been blessed to serve in a ministry capacity for 40 years served at Life Church St. Louis as Pastoral Care Pastor for a congregation of 2000. In 1995 moved to Wellington, Kansas as pastor of Cornerstone Fellowship Church. In May of 2000 moved to Wichita to plant The Center Church where

I am still the Lead Pastor today. I also serve as the Area Pastor for our denomination over our churches in Kansas.

I also am privileged to serve as a Chaplain for the Wichita Police Department and Sedgwick County Sheriffs Department and have been doing it for 25 years.

Looking forward to working with the amazing team at Wheat State Manor in the capacity of Chaplain and the volunteers that help so much.

I will be focusing on ministering to the residents their families if needed and the staff.

PIPE IDENTIFICATION HELPFUL TIPS:

Lead Pipe

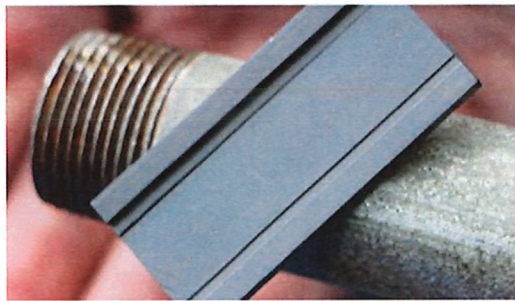

- A magnet will not stick to a lead pipe.
- Scratch the pipe with a coin. If the scraped area is shiny silver and flakes off, the service line is lead.

Copper Pipe

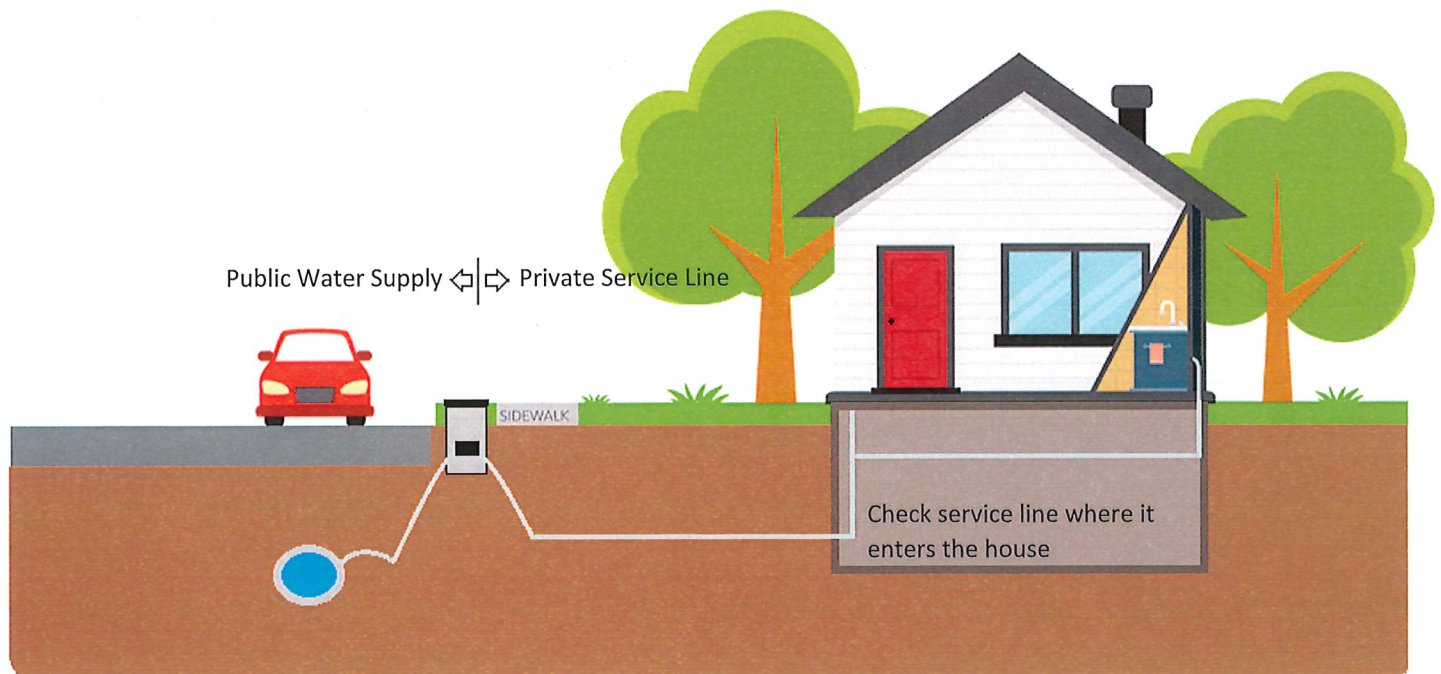

- A magnet will not stick to a copper pipe.
- Scratch the pipe with a penny. If the scraped area is copper in color, like a penny, your service line is copper.

Galvanized Steel Pipe

- If a magnet sticks to the surface, your service line is galvanized steel.
- A scratch test is not needed. If you scratch the pipe, it will remain a dull gray.

PLEASE FILL OUT THE FORM

The Lead & Copper Survey Form can also be found on our website.

ATTENTION WHITEWATER RESIDENTS

Dear Whitewater Resident,

The Environmental Protection Agency (EPA), in conjunction with the KDHE, are REQUIRING all Public Water Supply systems to conduct a Lead Service Line Inventory of both the public and privately owned water services within our jurisdiction. Please know that the City of Whitewater currently & in the past has not had any lead issues within our water supply.

We need your help in providing the privately owned (customer side) information through the survey found below. This information is crucial for us to complete our systems material evaluation. **Please fill out the survey to the best of your knowledge and return it to the City Office. Any questions or need assistance in filling out the survey can be directed to the City Office at 316-799-2445.**

If you are a renter and are not capable of filling out the survey, please return the survey with your address as well as your landlord's name. This will help us to contact the correct person for your address. Thank you.
